CASE STUDY

Vanya Ivanova

Photography

I have studied photography at Idea Store Learning for two years now.

I started with Photoshop course, and went on to study, street photography, darkroom techniques and recently studio and portrait courses. I have had an amazing time with amazing people, always encouraged by my tutors.

I have learned to improve my photography skills to a higher level and now I can't stop thinking and working on new photography projects. I get very excited that I am able to share my vision to the World.
