Fashion Beading and Embroidery is a new short course aimed at embellishing garments or accessories with beads and thread. Learn the skills and techniques used in embellishing and decorating garments, such as bridal beading or applying caging stones and beads. You will learn to turn everyday garments into your own unique pieces!

If you would like to learn how to cut a basic pattern for a particular garment, why not try one of our Pattern Cutting or Clothes Making courses. You do not have to have experience. Working from a basic block you will take and record measurements accurately to plot and create a simple pattern. You will learn words that relate to pattern symbols that will help you understand the language of sewing and pattern vocabulary.
