

Workshops

“The class has a lovely atmosphere. The ability to decide upon my own learning supported by an open minded tutor has been really enjoyable.”

Arts and Creative Industries Workshops

We have a series of Creative Industries Workshops in the following areas:

- Photography
- Stained Glass
- Ceramics
- Printmaking
- Fashion

These workshops have been carefully designed as a direct progression route from our community learning programmes.

The aim of the workshops is for you to further your work and raise your profile within the creative industries sector, either through producing work for exhibition, competition or for employment. Potentially as a self-employed entrepreneur producing work for sale.

You will develop your existing knowledge and skills through full access to a wide range of specialist equipment together with professional support from a member of staff.

Whilst we will provide basic materials, you will be expected to provide your own specialist materials.

You should have the necessary ambition and drive to self-direct your own study and be active in raising your own profile or be pursuing a career within the creative industries sector.

If you wish to enrol on a workshop class, you must have completed at least 20 hours on one of our intermediate or improvers' courses, within the last three years or hold an equivalent level of knowledge and skills.

To join the workshops you may be required to complete a short telephone interview with a manager to assess your skills and knowledge.

These workshops are an exciting addition to our portfolio of courses and we look forward to seeing successful learners progress through them.

CASE STUDY

Cristiane De Antoni

Fashion Workshop

I have really enjoyed the sewing workshop because on this course we are free to work on our own projects. I chose this course because I have some experience at sewing and I could carry on making garments for myself and others.

I am working on setting up my own sewing business and I have received a great deal of help from the tutor with this. I'll enrol again next term because sewing is my passion and it's a lifelong learning process. I would definitely recommend this course to anyone; the teacher and the facilities are amazing!

Thanks and see you next term, Cristiane

"I have really enjoyed learning how to adjust patterns to suit me and fit my shape. And also use for the very first time professional 'industrial standard' sewing machines and overlockers."
