\* All Levels courses are a mix of learners of all levels including advanced learners who may be working on individual projects or developing more advanced skills and techniques. You will be taught by highly skilled photography practitioners and supported by a range of excellent resources.

## Workshops

Following an all levels, improvers or advanced course learners can progress to one of our workshops.

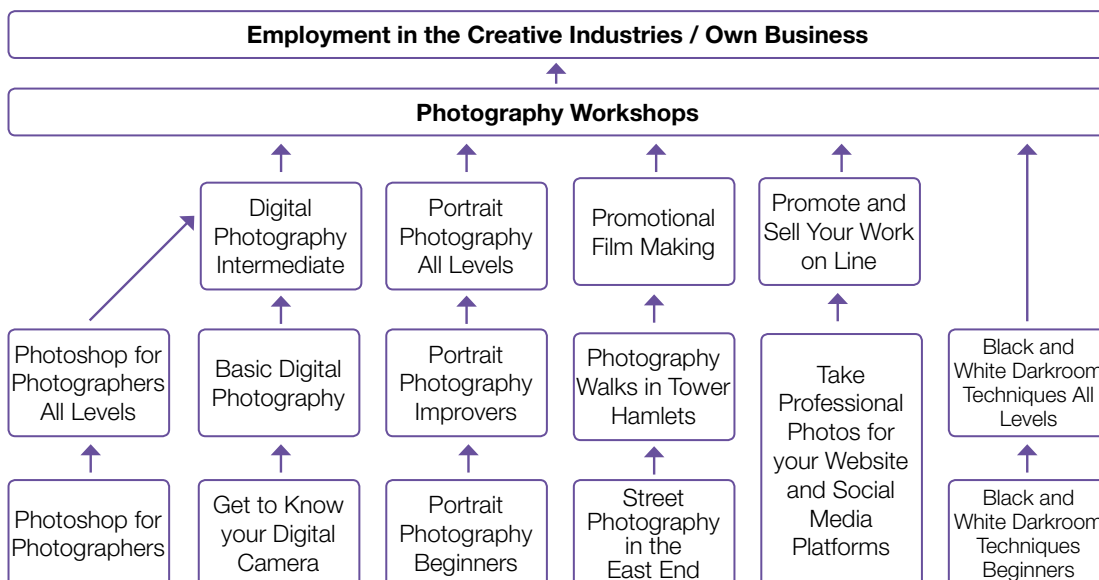

We offer two workshops

- Photography Workshop
- Black and White Darkroom Workshop

These workshops are for learners who want the opportunity to progress their work further, for employment or exhibition within the creative industries sector. The aim is for you to increase opportunities to raise your profile either through producing work for exhibition or competition or by direct employment, as self-employed entrepreneurs producing work for sale. Learners who successfully complete a Workshop, have access via their Tutor to one 'free' Saturday 'Promote and Sell your Work Online' course and increased exhibition opportunities.

If you wish to enrol on a workshop class, you must have completed at least 20 hours on one of our intermediate or improvers' courses, within the last three years or hold an equivalent level of knowledge and skills.

## CASE STUDY

### Martina Nalesso

Black & White Darkroom  
Processing and Printing Techniques - All Levels

**“I have always enjoyed photography and always wanted to learn how to develop and print my own films. In the Black & White Darkroom course I have had the opportunity to do that in a relaxing and creative environment.**

I value the professionalism of my tutor and the support that he has given me. I also enjoy learning from other students in the friendly social atmosphere and we always help each other, no matter what our individual background or experience. The lessons have allowed me to express myself and develop some creative projects that I can use in my job. Being creative also helps me to manage the day to day stresses of life and it is a way of taking care of my own mental health.”
