### Hina Shah Hand Knitting, Crochet and Macrame

**"I've really enjoyed my knitting course and the other textile courses, learning a variety of new skills. These have helped boost my confidence and helped me to work independently at home. I have a better understanding of textile crafts and I can now confidently help others; exchange skills and join in with a variety of social crafting groups.**

I like to make accessories and gifts for my family such as hats - which are made on 5 needles; blankets; intricate lace shawls and woollen mittens. I now also make things for charity - soft blankets for hospital neonatal baby wards and for abandoned kittens. My own cat has several accessories!

I would recommend the courses it's a great way to meet new people and relax from daily life stresses. My tutor is fantastic and she can teach everyone to knit - even if you didn't think you could!"

## CASE STUDY

### Lucilia Branco

Basic Clothes Making

**"I enrolled as I wanted to be able to repair some of my clothes. I thought that I would just learn how to sew some stitches to mend something, but I was so wrong.**

You can imagine my surprise when I went to my first class the tutor said that not only would I have made my own bag by the end of the evening session, by the end the course I would also have made my own dress! And sure enough I did!

The tutor made sewing and using a sewing machine very accessible to me. Every week we were taught a new technique. By breaking down a huge undertaking into small manageable steps, the tutor made making my own dress a reality, despite the fact that I had never used a sewing machine before.

This course has given me the confidence not only to mend my own clothes but also to try and make new clothes, and I wear my dress with pride!"
